

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 1997-273-C - ORDER NO. 2004-255

JUNE 30, 2004

IN RE:	Application of Epicus, Inc. for a Certificate of)	ORDER GRANTING
	Public Convenience and Necessity to Provide)	FLEXIBLE
	Resold Local Exchange Telecommunications)	REGULATION
	Services in South Carolina.)	

This matter comes before the Public Service Commission of South Carolina (the Commission) on the Application of Epicus, Inc. (Epicus or the Company) for approval of flexible regulation of its local exchange services. A review of the record reveals that Epicus was granted authority to provide resold intrastate interexchange services and resold local exchange services within the State of South Carolina by Commission Order No. 97-890, dated October 16, 1997, issued in the name of Telephone Company of Central Florida, Inc. By Order No. 2003-422, dated June 19, 2003, the Commission approved the change of name of Telephone Company of Central Florida, Inc. to the Company's present name of Epicus, Inc.

Upon the Commission's receipt of Epicus's Application and pursuant to the instructions of the Commission's Executive Director, the matter was published in the Commission's subscription service. No Protests or Petitions to Intervene were received. We will therefore proceed to dispose of the matter summarily.

By its Application, Epicus requests that the Commission regulate its local telecommunications services in accordance with the principles and procedures

established for flexible regulation by Commission Order No. 98-165 in Docket No. 97-467-C.¹ Further, Epicus requests that the Commission adopt a rate structure that incorporates maximum rate levels for its local exchange service offerings while providing the flexibility to make adjustments below the maximum rate levels in keeping with the procedures established for flexible regulation in Order No. 98-165 in Docket No. 97-467-C.

Epicus specifically requests that its local exchange tariff filings be presumed valid upon filing, subject to the Commission's right within thirty (30) days to institute an investigation of the tariff filing, in which case such tariff filings would be suspended pending further order of the Commission. Epicus also requests that any tariff filings will be subject to the same monitoring process as similarly situated competitive local exchange carriers.

Flexible regulation of local exchange services has been frequently approved by this Commission to promote competition in the telecommunications industry in South Carolina. We find that flexible regulation will continue to promote competition in the telecommunications industry in South Carolina. Accordingly, we approve Epicus's request for flexible regulation.

IT IS THEREFORE ORDERED:

1. That Epicus, Inc.'s local telecommunications services shall be regulated in accordance with the principles and procedures established for flexible regulation first granted to NewSouth Communications by Order No. 98-165 in Docket No. 97-467-C.

¹ By Order No. 98-165 issued March 5, 1998, in Docket No. 97-467-C, the principles and procedures for flexible regulation were established and first granted to NewSouth Communications, LLC.

Specifically, the Commission adopts for Epicus, Inc.'s competitive intrastate local exchange services a rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels that will have been previously approved by the Commission.

2. That Epicus, Inc.'s local exchange service tariff filings are presumed valid upon filing, subject to the Commission's right within thirty (30) days to institute an investigation of the tariff filing, in which case the tariff filing would be suspended pending further Order of the Commission. Further, any such tariff filings will be subject to the same monitoring process as similarly situated competitive local exchange carriers.

3. This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

/s/
Mignon L. Clyburn, Chairman
